EDUCATION

Kelley School of Business, Indiana University, Bloomington, IN May 2023

Master of Science in Information Systems GPA: 3.64/4.00

- MSIS Ambassador: Guided and encouraged undergraduate candidates at informational events, career fairs, and a case competition to better prepare for business graduate programs.

Luddy School of Informatics, Indiana University, Bloomington, IN August 2022

Bachelor of Science in Informatics; Business Cognate, Spanish Minor GPA: 3.75/4.00

- Dean's List award recipient for all semesters attended.
- IUDM Public Relations Chair: Organized morale-boosting events for a dedicated committee while cultivating a culture of care. Fundraised and designed social media posts with committee members, leading to a committee record of over \$74,000 raised for Riley Hospital for Children in 2021.

EXPERIENCE

Ernst & Young, Chicago, IL July 2023 – Present

Tax Technology Consultant Staff

- Ingested and transformed client data into internal tools using Alteryx, SQL, Python, and more to provide reporting outputs and PowerBI dashboards, allowing for streamlined business processes.
- Onboarded and owned over 50 clients on an internal platform, providing tailored customizations and solutions to facilitate everyday actions taken by client and engagement teams.
- Mentored new staff on best practices and software functionality, fostering a collaborative team environment and enhancing engagement outcomes through effective management and guidance.

Indiana University, Bloomington, IN August 2022 – July 2023

Graduate Assistant – Computers in Business

- Assisted upwards of 120 students in an undergraduate business course, committing 12 hours a week to boost student development and knowledge of Information Systems, Microsoft Access, and Excel.
- Collaborated with instructors and peer tutors to lead lab sessions, grade projects, and act as a mentor to improve student performance while increasing their comfort with the subject area.

Ernst & Young, Chicago, IL July 2022 – August 2022

Tax Technology Consultant Intern

- Monitored relevant performance improvement trends, tools, and technologies by transforming data stored in an internal tax platform using Alteryx and PowerBI.
- Identified and implemented enhancements to ongoing service delivery capabilities with feedback from client engagements, managers, and partners.

TECHNICAL

- Tools/Environments: Alteryx, PowerBI, Tableau, SAP S/4, AWS, Microsoft Access, Excel, Visio
- Programming: Python, Java, R, SQL, HTML/CSS, React, JavaScript, TypeScript

ADDITIONAL

- Designed and developed Rocket Tutoring, a full-stack tutoring platform to facilitate discovery, communication, and learning between students and tutors.
- Implemented an SAP S/4 ERP system from scratch for a fictional German bicycle manufacturing company, successfully enabling procurement, production, and sale of products.
- Interest in all things mechanical and electronic, especially automotive. Always curious to investigate how everyday items and technologies work.
